Section 11. District's Outstanding Debt. As of the adoption date of this Order, the District's aggregate principal amount of outstanding of tax-supported debt was \$134,715,000 and the aggregate amount of outstanding interest on such tax-supported debt was \$81,090,445. The District's total ad valorem tax rate for the current fiscal year was \$1.26835, which is comprised of a maintenance and operations tax rate component of \$1.06835 per \$100 of taxable assessed valuation and a debt service tax rate of \$0.20000 per \$100 of assessed valuation. Section 12. Issuance of New Debt. The District intends to issue the bonds authorized by the Propositions over a period of years in a manner and in accordance with a schedule to be determined by the Board based upon a number of factors, including, but not limited to, the then current needs of the District, demographic changes, prevailing market conditions, assessed valuations of property in the District and management of the District's short-term and long-term interest rate exposure. Market conditions, demographics and assessed valuations of property vary based upon a number of factors beyond the District's control, and therefore, the District cannot and does not guarantee a particular interest rate or tax rate associated with the bonds authorized by the Propositions. As such, the information contained in this paragraph is provided solely for illustrative purposes and does not establish any limitations or restrictions or create a contract with the voters. The District estimates that, based on the District's current taxable assessed valuation, current market conditions and estimated future growth in the District's taxable assessed valuation, if all of the bonds authorized by the Propositions were issued in accordance with the District's current project finance plan, the maximum interest rate on the bonds is not expected to exceed 4.25%.
